January 2007

Dear Praying Friends,

I am amazed that another year has passed so quickly. It seems we just started 2006 and now we're looking back on what God has done throughout the year and looking forward to what He has for us in 2007.

Travel

It has been a challenge getting used to working in the States while the rest of the Team is overseas, but it has been a blessing too. Being based here in the States gave me the freedom to travel to Samoa the end of October. I spent six weeks with the Faafouina family and God blessed that trip abundantly.

Pene has been translating tracts and discipleship material into Samoan. Robyn was typesetting it, but they had outgrown the old software and she needed training in the new. During my time there, Robyn learned enough InDesign® to typeset the literature Pene translates or writes. She learned this so quickly, we were also able to cover the basics of Photoshop® to help her with illustrating the literature with photos and clipart. In addition to the training, she typeset two tracts and several courses.

All of this was accomplished in spite of her being sick with dengue fever for 2 ½ weeks. Robyn is over the dengue fever, but I know she would appreciate your continued prayers since she is carrying their first child.

Not only did I get to train Robyn and help her catch up on the literature, but I was also privileged to see a young man saved and baptized while with the Faafouinas. It was exciting to witness what the Lord is doing with them in Samoa. Their faithfulness and burden for souls was an encouragement to me.

Literature

After returning from Samoa, I was given the opportunity to typeset the Swahili John Romans. I enjoy typesetting all types of literature, but I mostly love working on the Scriptures. I am thankful for this opportunity.

Bro. Gaudet made a flying trip to the States the end of December/first of January. While he was here, he filled me in on the literature that is being typeset in Thailand and let me know he would be sending some of it my way soon. While I wait on this work, I'm working on my church's brochures and web site. I hope to finish them before the next wave of work arrives from Asia.

Training

God is opening doors here in Ft. Worth for me to train some Gladies in various programs. Some of them will use these skills in the church ministry, some will use them at work, and some will use them to help us in the literature publishing. I am thrilled to be helping in this way.

I am also getting more training myself. I have began attending a six week course in Media, including Desktop Publishing and Video. I really need this to refresh the basics and to get more advanced training. In addition to this course, I have gotten a set of training videos to help me advance in the programs we use most often. Please pray I can balance this learning and working schedule.

The Lord's Provision

For almost a year now, I have been asking prayer in each letter that my computer would hold out. Just when I thought it was dead, it would revive and keep chugging along. While in Samoa, the cord broke completely. The computer store that stocks Dell parts didn't have parts for computers as old as mine. Pene was able to fix the cord and keep it working until I could get home and replace it.

Even though I was able to get this problem fixed, my computer just wasn't keeping up with the work. I was spending hours on jobs that should have taken minutes. Praise the Lord for His provision; I was able to replace my computer last month! Thank you to those who have given sacrificially. I cannot express what a blessing it is to have the right tools to properly do the ministry. I am no longer using valuable time waiting on a computer that is too old and underpowered to do the job.

God also blessed with a new supporter last month. So far, I haven't had to get a part-time job. I am willing to get one if that is what God wants, but I am glad He has provided so I have time to do this ministry He has given me.

Thank you for your part in my life and ministry. I could not do it without your sacrifice of support and prayer.

Because all I am is His,

Myra S. Noel
