*Dear Family and Friends,*

**N**ow unto him that is able to do exceeding abundantly above all that we ask or think, according to the power that worketh in us..." Ephesians 3:20

### Health

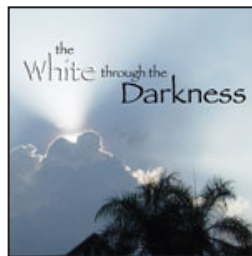

Thank you to everyone who prayed for me during the recent difficulties with my eyes. I began having trouble with burning, itching, and red eyes around the first of the year. We were having spring-like weather early, so I thought it was allergies. However, the symptoms continued to worsen and my vision began to blur from time to time. My eye doctor said it was Extreme Dry Eye Syndrome. My eyes had gotten so dry they had cracked, just as extremely dry skin will crack. I am thankful the Lord gave me a good eye doctor. With all of the eye drops, ointment, vitamins, etc., they are doing much better. The cracks are healed, but I still have trouble with them drying out.

From what I can tell, there is no quick, one-time fix. I will always need to be careful with my eyes, limiting the time I spend at the computer, protecting my eyes from things like wind and dust that aggravate dry eyes, taking vitamins that increase eye moisture, and drinking plenty of water. I am grateful God protected my eyes. This condition, not caught and treated in time, can cause permanent loss of vision. God protected my vision and He provided the funds needed to cover all medical expenses.

### Video and Web work

The Gaudets came home March 8th for ten weeks. Their new video, *The White Through the Darkness*, was finished before they left Thailand and they brought it home to be duplicated and mailed from the office here. In addition to that video, we needed to make extra copies of all of the videos they have produced so Bro. Tom would have them available while he traveled. All together, there were about 450 videos to be copied and printed. My damaged eyes had limited the time I could spend at the computer, so I had extra time to feed DVDs into the duplicator and printer. Even with this extra time, I knew I wasn't going to be able to get them finished before Bro. Tom's first meeting. Once again, the Wilson sisters and Chelsea Kaska stepped in to help with all of this. I praise God for their faithfulness.

Because of the time and expense involved in duplicating 10 or 12 videos each time someone needs a set, Bro. Tom asked me about combining several movies onto one DVD. I have almost completed the compiling of two discs that will hold all of the *White Unto Harvest* movies. They should be ready for duplication and printing by the end of this month.

Work on the web sites is always ongoing. The Gaudet's web site now has their newest video posted and their *Gaudet Family Updates* (Email) are put on their site as soon as they are sent out. Their site is [www.GaudetFamily.org](http://www.GaudetFamily.org). Click on the **Email Updates** link or **Video** link on the top menu. You can also sign up for their Email updates from their web site now. The form for that is on their home page and the Email Updates page.

The web site for Grace Independent Baptist Church is up and going. This web site is for the church my brother pastors. We are beginning to get some of his sermons posted on the web. I encourage you to check them out. I was blessed by listening to them while I was getting them web-ready. Their site is [www.GIBClinden.com](http://www.GIBClinden.com). Click on the **Messages** link on the top menu.

*The Reaper's Ministry*, the folks I have been doing the Flash work for, needed a menu for their tracts so they could put all three languages onto one disc. That is finished and the files were just sent out to them.

### Literature

I was a bit discouraged at the first of the year because I had not gotten any new typesetting projects recently. I love all of the other work I do, but the typesetting is my first love. Once again, my Lord was proving Himself faithful. Typesetting is more strain on my eyes than any of the other work I do. God knew what was wrong with my eyes before I did and He protected me from myself.

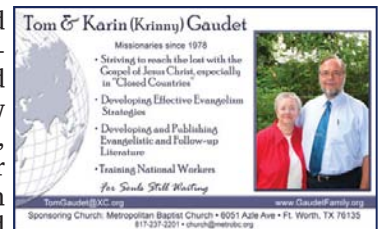

### Everything Else...

There have been bits and pieces of other work throughout the last 3 months. I did the layout work on a new prayer card for the Gaudets, researched email servers for Bro. Gaudet, and helped him get his email list switched over. There were also bits and pieces of work for others.

Krinny and I spent 9 days in Temple, Texas with Bro. and Mrs. Milton Martin. It was a great blessing to spend this time with them.

God has been very faithful to meet my needs. I am thankful for the support, special offerings, and the extra jobs God gives. He truly is Jehovah-jireh, my Provider. I am thankful for your faithfulness on my behalf. I pray God richly blesses you for your part in this ministry. Because all I am is His,
